## Wrangell Athletic Club Organizes and Elects Officers

Some twenty-five of the athletic trend of the town met in the town hall last Monday evening and adopted constitution and by-laws for a Wrangell Athletic Club.

The Club is formulated with the idea to take charge of the baseball grounds and furnish a baseball team and also to take charge of other athletic events as may arise.

After the by-laws had been accepted, the election of officers was taken up and the following elected:

President, W. J. Pigg;  
Vice President, Wm. Lewis;  
Secretary, Paul F. Stanhope;

Treasurer, J. G. Grant;  
Board of Trustees; Chas. Benjamin, F. E. Gingrass, and J. H. Wheeler,

General Manager, B. Y. Grant.

Manager Grant will have charge of games for the summer and states that he is considering a challenge from Lake Bay for a game on the 4th of July.

## Gorman Sells Cannery Interests

Seattle, June 10.—The announcement was made last night that the Booth Fisheries had purchased the Gorman Company Canneries at Shakan and Kasaan, Alaska, and also three canneries on the Sound. The consideration is said to have been eight hundred thousand dollars. The new company will take over the business of the Gorman company at once.

## More Men For Devil's Elbow

The Winifred arrived down from Telegraph last Monday morning. The captain reports that everything is fine on the river, and that Sam Silverman has his crew working in fine shape on the Devil's Elbow property, also that four men came down from Telegraph to work as packers for the company.

According to the crew of the Winifred there is a big forest fire raging in the interior somewhere, as the smoke is drifting down the river pretty thick.

## Big Celebration On July 5th.

If there was ever a time in the history of our country when we should be proud and properly celebrate the happenings that occurred in Philadelphia July 4th 1776, that made our country a free and independent nation, this is certainly the time. It is true we have had and still have some internal disturbances, but the "Spirit of '76" has always prevailed, and today, when almost the whole civilized world is engaged in cruel bloody war our nation stands yet more firmly by and for the declaration of '76 with the uplifted hand of warning to all nations that we insist on the strict observance of liberty, justice and humanity to our citizens, whether on land or on sea.

That the day should be properly observed and a good old fashioned Fourth of July celebration should be held here. The committees

have been appointed to see to it that we have the biggest and best celebration ever held in Southeastern Alaska.

Decoration committee: H. H. Campbell, Ole Johnson, A. Engstrom;

Entertainment Committee: W. A. Thomas, chairman.

Advertising Committee: P. C. McCormack, P. F. Stanhope.

Water Sports: Wm. Reade, K. Johnson, Harry Gartley.

Street sports: Dr. Pigg, Leo McCormack, Harry Coulter.

Marshal of the day: F. E. Gingrass.

The program for the day has not yet been fully arranged, but enough has been decided to guarantee a bunch of fun. So everybody should get busy to help the cause along.

## New Marshal Here On His Way To Craig

## Moving Cannery From Beauclerc

Clyde Calhoune, the newly appointed deputy marshal for Craig was a passenger down from Juneau on the Jefferson, and sails tonight on the Uncle Dan for his bailiwick at Craig. Mr. Calhoune has been a resident of that section for five or six years, being a stock holder and officer of the Northland Development and Mining Co., owners of a group of mining claims near the head of Big Harbor that have every indication of becoming good producers with a little more development work. Mr. Calhoune is practically a stranger and a novice in the duties of the marshal's office but being a man clean and square in all the affairs of life we have no doubt, if he refuses to obey the dictates of a disturbing element that is found in all communities, will make a capable and efficient officer.

Col. John Spickett, of Juneau, was a passenger south on the Spokane yesterday. Mr. Spickett is on his way out ostensibly for a pleasure trip but incidentally he expects to arrange a good clean first class circuit of theatrical attractions southeastern Alaska towns. Mr. Spickett's record as a showman is such that if he starts anything in in that line coming this way it will be worth while.

## Wrangell To Be Fishing Headquarters

J. W. Stedman, in early days a resident of Wrangell, is here again and is likely to become a permanent resident, Mr. Stedman

was for a long time a leading business man of Ketchikan, and, as a matter of fact he was the man that was responsible for the upbuilding of the town and her business activities for the past twelve years.

It was he that built the first real up-to-date building in that town—the Stedman Hotel—and, more than that, the first high class hotel in the whole of Alaska. It was through the indefatigable efforts of Mr. Stedman for two or more years and the expenditure by him of large sums of money from his private funds, that secured for that town the location of the New England Fish and Cold Storage Co., and what the installation and operation of that plant has meant to Ketchikan during the past six years no one knows better than the business men of that place.

Now it is understood that Mr. Stedman is investigating conditions of the fishing industry here and the surrounding country with the view of inaugurating an industry that will take care of all the fresh marketable fish products of the district the year round, paying prices to the fishermen that the legitimate market in the middle west and east will bear at the time of delivery, taking advantage of a short haul over the Grand Trunk rail road to reach those markets.

It is to be hoped that Mr. Stedman finds, which we think he will, conditions such that will justify him and his associates in inaugurating their scheme of operations, with headquarters at this place, for it will mean much to the town and be a guarantee to the fishermen of just and equitable prices for their fish.

## Big Bargains In Wire Fence

We have acquired for quick sale 36 rolls of Galvanized Poultry and Rabbit Fence that has been shipped in error for Fox Pens, but which is just the right thing for Front Yards, Garden Fences, or Poultry Netting. Each roll contains 10 rods.

We will sell this at the following cut prices, which are less than half the wholesale values in Seattle.

### PERFECTION POULTRY NETTING

Wm. Cooper is the new mixer at the Wrangell Hotel.

Leo McCormack made a round trip to Ketchikan and back this week. He reports things in the First City as rather slow.

Mrs. J. A. Smith, of Ketchikan, is spending the week visiting with her sister Mrs. P. F. Stanhope.

The Alaska with the Carnet, Capt Stackpole, in tow, left last Monday for Shakan, with twenty five thousand box shucks.

Walter Waters is in town looking after the remodeling of his residence on Front Street.

Superintendent Harris of Santa Ana was in town last Monday making arrangements with the fishermen for the coming season.

Superintendent Barlow was in from Point Warde last Tuesday. He reports that the cannery is all ready for the fish.

Mrs. H. Wick and children, of Petersburg, is visiting here at the home of her brother Mr. Jack Bjorge.

Mrs. S. C. Shurick left on the Alki for the South where she will spend the next month visiting with relatives at Seattle and vicinity.

Mrs. George Skelton and children left on the Alki for the south. Mrs. Skelton will visit for a time in Seattle and then proceed to Kamloops, B. C. where she will spend the summer.

Manager J. H. McGehee, of the Co-operative Fishing Company, came back on a late boat from a trip to Seattle in the interest of his company.

C. W. Demmert of Shakan, was in town last Monday. Mr. Demmert is out after fish with the Winifred D. and has about 200 sockeyes aboard, which he is delivering to the Shakan cannery.

Capt. Bert Millar, from the Warm Chuck cannery, was in town this morning. Mr. Millar reports the cannery running smoothly having ten thousand cases up at present.

According to reliable information there is going to be a wedding in Wrangell next week. Of course we would not give a good thing away but we think that the Winifred will need a new engineer next trip.

Superintendent Frank Barnes, of the Lake Bay cannery, came in last Monday and took the Alameda south. He expects to return shortly. He reports that the cannery is working now and that they have up some 200 cases of sockeyes.

Mrs. James Dalgy and daughter Mrs. A. W. Moberg, of Astoria, Oregon, were Wrangell passengers on the Despatch and will spend the next month here visiting at the home of Mr. Thomas Dalgy. The ladies are mother and sister of our popular jail guard.

## Big Minstrel Show July 4th

On the evening of July 4th Wrangell citizens will, if they have the price, have the privilege of witnessing a real colored minstrel show, the performers and entertainers being all colored, the aggregation being known as the "Alabama Minstrels" under the Sanitary Packers. The program looks good and is worth taking a chance at.

## Distrbers Get A Jail Sentence

Paul Adams, a native, and Rafael Savala, a Mexican, were up before Judge Thomas last Monday on a charge of drunkenness and disorder. Adams was given 40 days in jail and Savala 25 days.

## New Map Of The Bering Coal Fields

A new map of the Bering River coal field in Alaska has just been issued by the United States Geological Survey which is in some features a departure from previous publications. This map shows the areas underlain by the various grades of coal and the formations underlying and overlying the coal measures and gives also structure sections. The results of the proximate or exact analyses of coal from different parts of the field are printed on the face of the map. All this information is given on a base map which shows the topography of the coal field and of adjacent areas. A small insert map indicates the geographic position of the coal field in Alaska.

The data thus presented have been taken from Bulletin 335, published in 1908. This report contains a complete account of the Bering River coal field but is now out of stock. The new publication, which is entitled "Map of the Bering River Coal Field, Alaska," can be purchased from the Director of the United States Geological Survey for 15 cents.

## A New Way Of Getting Trimmed

An Iowa paper contains the following:  
"How is this for going some? An Iowa farmer and his wife decided they could not get along so they sued for a divorce and got \$5,000 as alimony. After a short time the farmer got lonesome, so wrote his former wife, telling her of the fact and asking her to marry him again. She consented and told him to come on and they would try it again. The farmer arrived, and seeing his former wife again decided that he would be better off if he remained single, so he refused to marry her. Thereupon the former wife sued her former husband for breach of promise, and the court and jury gave her a verdict of \$5,000 damages. Thus the old boy was trimmed proper."
